## The History of Morris Dancing

Morris dancing is an old English tradition. Its origins are unclear, but there are very few English traditions and so it's worth supporting.

Wickham has been dancing since 1980 but there are written records of Morris back to the 15<sup>th</sup> century, For example in 1494, Henry VII was entertained by "the Mourice dance", in 1458 a gilded cup engraved with Morris dancers was left in a will and in 1448 the Goldsmiths of London paid 7 shillings for "Moryssh dancers".

Villages in the Cotswolds and the Border counties (with Wales) had sides (teams) of Morris Dancers, with each having its own style or tradition. As the industrial revolution gradually reduced the rural population with a migration to the towns, it died out in the villages, but North West Morris evolved in the industrial towns.

The tradition was almost lost by the 1890s, but luckily Cecil Sharp and Herbert Maclwaine collected the dances and published a book in 1906.
